

## Daniel Tan

dotosfoto

Daniel Tan

Photography was Daniel's passion since his primary school days but he didn't pursue it further till 12 years ago.

Daniel is a hobbyist photographer with a love for freezing moments in time. Through his lens, he strives to tell captivating stories and unveil the beauty in everyday life.

He finds joy, inspiration and fulfilment in the act of taking photographs, experimenting with different techniques, and creating visual stories through their images. With his intense enthusiasm, he became more observant of details in the environment, noticing lighting variations, and the interplay between colours, textures, and patterns that others might overlook.

With years of experience behind the camera, he has developed an eye for the extraordinary within the ordinary. Whether it's the play of light at dawn or the candid expressions during an event, he is dedicated to turning fleeting moments into lasting memories.

His photography style can be described as vibrant and energetic, moody and atmospheric, classic and timeless. The genres of photography that interest him are macro, portrait, landscape, monochrome and fine art architecture.

Daniel believes that every photograph has a story to tell, and is committed to capturing those stories with authenticity and heart. His goal is to transport viewers to the heart of the moment, allowing them to relive the emotions and experiences that he had felt.

Some of his photos are featured in Leica Fotografie International (LFI) Galley and 1x.com. This year, he started to participate in competitions and was awarded a Certificate of Acceptance for Nature with 1st Photomax International Salon.

This year, Daniel's works were exhibited in Our Glorious Century (LKY100), the Kuala Lumpur Photography Festival and also The Magic of Black & White Exhibition. With these opportunities, it fuelled his determination to continue exploring and furthering his photography skills.

Feel free to reach out to him to embark on a visual adventure and work together to create something beautiful!
