

Goh Juan Yap

Juan Yap started his photography journey in the year 2019 with a Nikon Z6. Having many photography questions unanswered, he decided to take up courses in The Photographic Society of Singapore (PSS) in the year 2022.

He found that Black & White photography provided a great spectrum of challenges and satisfaction. With PSS' encouragement, his work was presented in the Kuala Lumpur Photography Festival 2023.

His photograph was also showcased in The Magic of Black & White Exhibition in 2023.

Juan Yap hopes to produce more great work for public display in the future.
