

Justin Tan

Justin Tan is a chartered accountant with a profound passion for photography. Balancing his profession with his creative endeavors, he finds immense joy in preserving life's cherished moments through his lens.

Justin's love for both film and digital photography lead him to explore diverse landscapes, architecture, and street scenes.

Recently Justin developed an innate curiosity for the interplay of light and shadow. What started as a casual interest soon became a fascination with the subtle nuances of grayscale. The absence of color, rather than limiting creativity, became a canvas for Justin to express emotions, stories, and perspectives in a distinct and powerful manner.

He contributed to the Photography For Good project, an initiative where The Photographic Society of Singapore (PSS) partnered with raiSE, Singapore Centre for Social Enterprise, to photograph 21 of their social enterprise members to document and raise awareness for the impactful work that they do.

Justin was also part of the team from The Photographic Society of Singapore who represented Singapore and won the Gold Medal in the 35th FIAP Black and White Biennial 2022 in Oman, with their collection of Black & White Fine Art Architecture photographs called “Concrete Wonders”.

His photos have been showcased in The Magic of Black & White Exhibition in 2023.
